Questions for a painting contractor

- Have you successfully completed 1000 jobs this past decade?
- Is the company owner on site to assist in some way – for job initiation and quality control?
- Do you have a NJ business registration number, workers comp for all employees, not just for a couple of people and an EIN number for Federal and State taxes?
- Do you do background checks on your employees and what's the average years of experience per employee?
- How do you pay your employees?
- Any accidents on the job or law suits in the past year?
- Are your employees trained with a strong work process and safety protocols?
- What can you share about VOC's (Volatile organic compounds) and safety precautions for the off gassing of paint fumes?
- Do you offer any warranty on your work?
- Are you an active member of a professional trade association? (Painting Contractors of America) is ours...
- Are you trained in any EPA and OSHA safety standards?
